

In Case of Medical Emergency Call 999

The address of the shed is:

**The Shed
Beechgrove Playing Field
The Mall
Brading
PO36 0DE**

Tell the controller that the shed is accessed by a narrow lane to the north of Bellevue House, the former Beechgrove Doctors' Surgery. There are no house numbers.

Only if they ask, the what3words reference of the entrance to the lane is necks.craftsmen.mild

If there are enough people present send one out to unlock and open the main Park Gate (yellow tagged key in the key safe) and wait for the ambulance at the roadside.

If the person is unconscious or incapacitated a committee member should open the document box in the Shed Office, and get out the membership form and record of the casualty. The form contains the next of kin contact details. The next of kin should be contacted as soon as possible. There is also medical information on the form which may be important to the ambulance crew or hospital medical staff. (Let them take it, it's a copy.)
